(Free and download) The Watchmakers' Lathe

The Watchmakers' Lathe

Ward Goodrich : The Watchmakers' Lathe before purchasing it in order to gage whether or not it would be worth my time, and all praised The Watchmakers' Lathe:

0 of 0 people found the following review helpful. The Watchmakers's Lathe Ward GoodrichBy Michael GuineaThis is an excellent text on the origins and function of the lathe in general and the watchmaker's lathe in particular. It was written at a time when the lathe was the most expensive and highly prized tool in the watchmakers' workshop. It carries the sense to timelessness in the text. A great read.0 of 1 people found the following review helpful. Five StarsBy Fred WilliamsVery good book, prompt service, Pleased, thanks. Fred0 of 1 people found the following review helpful. Loved it!!!By Sherry BonnerMy husband loves it.

Watchmaking described with words and pictorals.
