before purchasing it in order to gage whether or not it would be worth my time, and all praised On the Road to Yellowstone: The Yellowstone Trail and American Highways 1900-1930:

0 of 1 people found the following review helpful. Good readBy James DOK4 of 4 people found the following review helpful. Profusely illustrated, "reader friendly", informative textBy Midwest Book ReviewOn The Road To Yellowstone: The Yellowstone Trail And American Highways 1900-1930 is a unique and highly recommended contribution to American popular history which is enhanced with 276 photos, maps and documents. The focus is on the original and sometimes adventurous development of automobile access to the Yellowstone. The profusely illustrated, "reader friendly", and informative text is a fascinating exercise in specialized regional history and includes

relevant federal highway legislation, as well as the creation of west coast and east coast extensions. An introduction, epilogue, and two appendices (Maps of the Yellowstone Trail, 1926 and Yellowstone Trail Road Conditions enhance this informative, meticulously presented and definitive work. 1 of 1 people found the following review helpful. Auto Trail Delight! By A Customer A wonderful "read!" Very well researched; suitable for both the old road enthusiast and the casual reader. Many photos and illustrations. Includes the history as well as the details of early auto road development, and tells the tale of the Yellowstone Trail with excellent maps and period documents. Made me eager to "hit the road!"
