Glorious Page-Turner!By Faith AnnThe photos in this book are astonishingly beautiful ... and arranged in such a fabulous gallery to honor the many inspiring and diverse sights and experiences that Minnesota offers to residents and visitors alike!3 of 3 people found the following review helpful. Doesn't do enough to capture beauty of stateBy Midwestern DadNice photos, but maybe too much on the art-school versus commercial side of things. I got this as a gift to some friends from another country. I wish it did a little better showing the state's beauty, even if the photos might be a little cliched.0 of 0 people found the following review helpful. says it is a great table top itemBy The H girlsbought this for my aunt who moved to Florida and left her Minnesota family behind. She loves it, says it is a great table top item. Lots of neat facts on the great state.

Only in Minnesota is a pictorial tribute to all that makes the state unique. Combining the natural, historical, and cultural facets of life in Minnesota, it showcases the people and what they do for fun (the Uptown Art Fair, ice fishing), where they live (from the cities of Minneapolis, St. Paul, Duluth, and Rochester to smaller towns and rural regions in between), their favorite places (Mille Lacs, Split Rock Lighthouse), and more. More than 160 dazzling, four-color photographs, showing a variety of subjects--from farms and churches to tourist destinations and state parks; from nature scenes to city festivals and cultural events--are the focus of Only in Minnesota. These photographs are accented by lively captions and fun facts. The result is a homage to the Gopher state from a local author and photographer whose love for Minnesota comes through on every page.
