The pictures are absolutely beautiful, and the poems and stories and adorable. The reason I put this at 4/5 is because I ordered a new book, and they sent me a used book - some of the edges on the outside were a little roughed up - nothing on the inside of the book was messed up, just the very outside of the book, . Normally, it wouldn't bother me, but I'm giving this as a gift to a person, so I had to throw away the very outside page. But, luckily I'm able to throw away the outside of the book, and it looks new. Definitely would recommend - as long as you don't mind that you might get a gently used book, instead of a new book.2 of 2 people found the following review helpful. Victorian pleasure!By Nicoletta SmithI ordered this book because I love cats, antiques, and the Victorian Era. I have another book by Hart,Grossman, and Banks so I knew I would love this just as much. I will be ordering the 2 don't have. The pictures and stories written are relaxing as they take you to a time of beauty and charm that is only seen in these books. Some of the items written in this book I have seen in antique shops and should still be treasured for another 100 years.If you love cats you will love this book!0 of 0 people found the following review helpful. Victorian CatsBy Karyn MyersI love cats and anything Victorian, so this was a no brainer for me. I had to have it!

Victoriana and cats-it's a natural marriage. Celebrating the era when mousers, tabbies, and toms were swept off the

farm and cherished with a passion unrivaled since ancient Egypt, Parlor Cats is a dazzling collaboration from the creators of A Victorian Scrapbook, Forget-Me-Nots, Joy to the World: A Victorian Book of Love
