SlatonGood Book, Could Have Been Much BetterThis is a very good book, however it could have been so much better. The photos or images of the patches are very small. It would have been a better effort had the publisher spent the money publishing in a larger format and added more pages so that the the images could have been published at their actual size.

Attack aircraft carriers, battleships, destroyers, frigates, light and heavy cruisers, and patrol crafts. 1,300 different ships and submarines from WWII, Korea, Vietnam, and the Gulf War have their crests displayed in brilliant full color. This book is an encyclopedia, preserving the emblems that reflect the pride of the crews belonging to the best ships in the U.S. Navy."" Indexed.
