Dorothy Hammond booksBy Donna StewardMy husband I have been collecting antiques for over 30 years. This book is wonderful because EVERY ITEM DESCRIBED IS PICTURED. There is no guessing if this is your antique by the written desription, there is a picture to be certain.

The new edition of the ultimate antiques collector's guide, every year more highly prizedFor twenty years this highly praised and consistent seller has been the only price guide to American antiques and objects made for the American market that illustrates every item listed. The 2000-2001 edition contains more than 5000 entirely new objects and

auction prices--from furniture and lighting to ceramics and clocks to advertising and novelty items--each keyed to the year the piece was sold and the location of the auction sale. Such essential information, plus the comprehensive index and the enthusiasm and authority of the author, makes this the invaluable reference American antiques collectors look for every year.
