I could've written a book about palladium that would be more informative!0 of 0 people found the following review helpful. not very goodBy Michael Blumenthalit is too bad this was the only book on about platinum and palladium. it is better than nothing.

Investors turn to these precious metals as substitutes for silver and gold. It is true that platinum and palladium are in high demand and their special properties make them perfect for diversifying a precious metals portfolio. This audiobook covers the basics and also outlines what you need to know about investing in platinum and palladium. Please Note: This audiobook is for beginners.
