Presidential Campaign Posters: Two Hundred Years of Election Art

The Library Of Congress : Presidential Campaign Posters: Two Hundred Years of Election Art before purchasing it in order to gauge whether or not it would be worth my time, and all praised Presidential Campaign Posters: Two Hundred Years of Election Art:

0 of 0 people found the following review helpful. Best campaign poster book I've owned. By CustomerAt 11x14 it's the perfect size for a poster related book. Each example is full page with smaller various examples of that same candidate scattered throughout the info page. The paper quality is wonderful and does a great service to the posters overall appearance. Posters include losers as well. I love love this book! Wish there were more just like this! Bravo! 4 of 4 people found the following review helpful. Presidential Campaign posters and history By gt surber The one hundred posters of many USA presidential campaigns are well done, and worth framing for a historical office. Surprisingly both losers and third party posters are well represented. There is fascinating, eclectic data on each of the US presidential campaigns, along with smaller images of many more posters. For a American History teacher who wants their student to feel the styles of the various periods with rotating images this would be an excellent investment. For an

American History buff, this is a wonderful addition to the library. 1 of 1 people found the following review helpful. A beautiful gift for "political junkies" By Nancy on Staten Island This is a very large and heavy book that was beautifully produced by the Library of Congress full of colorful campaign posters and lots of information about losers as well as winners in Presidential elections. It is a perfect gift for anyone who loves Presidential politics like my brother, who is bouncing off the walls with excitement years before the next Presidential election currently is avidly following the talk about 2016 (here's looking at you Mrs. Clinton and Mr. Christie). Of course he loved this book and is enjoying looking at it. It made a great birthday gift, since it's more of a lavish coffee table book than something one would buy for oneself.

Here are 100 ready-to-frame political campaign posters from the annals of American history! The candidates range from Andrew Jackson (Defender of Beauty and Booty) and William Henry Harrison (Have Some Hard Cider!) to Richard Nixon (Hes the One!), Barack Obama (Hope), and many, many more. The posters are backed with colorful historical commentary and additional artwork; best of all, they're bound with clean microperforated edges so they can be removed, framed, and displayed. Presidential Campaign Posters is the perfect gift for political junkies of all ages!

[I]t's a fun book to flip through: colorful, informative, funny and thought-provoking. Its perfect for political junkies, or for anyone interested in history. The Wichita Eagle This handsome, 11 x 14 collection includes more than 100 suitable-for-framing reproductions of vintage one-sheet posters throughout American history (from Andrew Jackson's 1828 campaign against John Quincy Adams to Barack Obama's iconic 2008 Hope), plus several culturally significant parodies, in an entertaining, informative overview about the art of getting out the vote. American Profile About the Author The Library of Congress has been the guardian of the nation's memory for more than two centuries. The writers and editors in its publishing office collaborate with curators, reference librarians, and subject specialists to produce books and other materials that open its ever-growing collections and activities to the nation and the world.
