SwansonAs a fairly new clock collector I was looking for information to help me when purchasing clocks off of ebay. This was the first book I bought and I haven't looked at it since the day it came in the mail. I came across the Tran Duy Ly books shortly after this and purchased one, the one for Ingraham clocks and watches. I used this book constantly and have since purchased three more, (for Ansonia, Seth Thomas and New Haven). I pull them out every time I am interested in a clock. They are extremely thorough and accurate. Plus, you can get updates just for the prices, you don't have to buy a whole new book.This book is going to be one that stays on the bookshelf and will rarely, if ever, be referenced. Purchase the ones by Tran Duy Ly instead.0
