Before I had this book, I made many purchase mistakes of mismatched jars, sellers are not always honest or don't know themselves they are selling mismatches, this book is a huge help in protecting my purchases knowing what I'm really getting. Much more than just Holt Howard, also Davar (Pixies similar to HH), Lefton, Lipper Mann (Flower Girls), Jolly Girls, Dolly Girls, Napco, and many other companies that produced Holt Howard 'Wanna Bees'! Also covers HH 2nd generation. There is history on each company, along with gorgeous full color pictures with annotations listing the price and name and any info

known about each item, throughout the whole book. I have seen on eBay a few items that were not in this book, but the set that they belong to were in the book. If you collect vintage kitchenware, this book is a definite MUST HAVE guide!!0 of 0 people found the following review helpful. Good, inclusive reference!By E.
