Profitable Coin Collecting

David L Ganz : Profitable Coin Collecting before purchasing it in order to gauge whether or not it would be worth my time, and all praised Profitable Coin Collecting:

8 of 8 people found the following review helpful. An excellent resourceBy Susanna HutchesonI bought this book because I want to make money with coins more than collect them for the sake of collecting. While I certainly love coins and appreciate their history, my main interest is making a profit. So I bought this book with that in mind.I was not let down. This is a well-written book on high-quality paper, complete with lots of photos. I was slightly disappointed that the book didn't really provide "Buying and Selling Strategies" as I thought it would and as it promised. It did, however, show how one can truly outdo the SP and even simple bullion buying.It described the really

rare and valuable coins and what to look for. It even discusses commemoratives. All in all, I find this a valuable book for the serious coin collector and/or investor. It has a ton of information on numerous topics, including grading. It lacked an index, which would have made it more useful. Highly recommended. - Susanna K. Hutcheson 0 of 0 people found the following review helpful. Great for everyone who love profits By Aviator123 Love this book and can't wait to start a collection before I die. 0 of 0 people found the following review helpful. not what i was looking for By chris walker just wasn't what I was looking for, was too dry for reading and didn't get to the point. long winded

There's no mistaking the purpose of this book, or the opportunities it may provide. This reference contains deep market analysis of popular rare U.S. coins minted in the last century, with advice and alternative collecting and investing options for readers, plus answers to common collecting questions and concerns including: How do I start investing in coins? Which type of coins are the easiest to buy and sell? And what coins have become top performers in collecting over the last 50 years?

About the Author David L. Ganz has more than 40 years experience writing about and collecting coins. He is the author of three books and has served as contributing editor to *Coinage Magazine* since 1973, and columnist for *Numismatic News* since 1969.
