Prospecting Washington State

Douglas L Tiedeman : Prospecting Washington State before purchasing it in order to gage whether or not it would be worth my time, and all praised Prospecting Washington State:

Prospecting Washington State will show you where the gold was and will give you the top picks for finding gold in each county. With hundreds of mine locations mapped, your sure to find an area that you will be interested in. Most rivers and streams have had large dredges working them over the years so check under a bridge roll some rocks and go for it. The fun is all there waiting for you to discover. Remember there is gold in them thar hills and its waiting for you to find. With gold hovering at \$1700 an ounce you will be well rewarded when you find it. Good Luck to you all.
