(Free) Pueblo Indian Pottery: 750 Artist Biographies (American Indian Art)

## **Pueblo Indian Pottery: 750 Artist Biographies (American Indian Art)**

**Gregory Schaaf : Pueblo Indian Pottery: 750 Artist Biographies (American Indian Art)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Pueblo Indian Pottery: 750 Artist Biographies (American Indian Art):

48 of 49 people found the following review helpful. Great Reference Resource for the Serious CollectorBy ric welchGregory Schaaf's latest book has turned out to be one of the most valuable and most used in my collection of books on this subject. Not only does he provide a concise and well structured biography on every important potter of the Rio Grande Pueblos, he also provides family trees, some great color plates and a number of black and white photographs of both the artists and their work. Bur Mr. Schaaf goes further than that, and supplies his reader with all-important pricing info, including the prices some of the potters fetched for their work at recent auctions. I use this book for researching; confirming or refuting the extraneous piece of information, and for simple reading pleasure.

Sometimes I get the book down just to look (again!) at the pictures. A great job, and a wonderful companion to his earlier book of biographies on the Hopi potters. Armed with these two volumes, any collector of pueblo pottery will find himself making fewer mistakes on who to pursue, what to buy and how much to pay for it. I highly recommend this book.0 of 0 people found the following review helpful. A must for collectorsBy bearsideThis book is a great help if you wish to keep track of the maker/s of ones pottery. Without such a book it is nearly impossible to follow the families of makers of the past and present. For some it includes their awards for past pottery which is a plus.0 of 0 people found the following review helpful. Five StarsBy CustomerVery Helpful for anyone collecting or selling Native American pottery.

Pueblo Indian pottery reference book of 750 artists
