starter bookBy T. ODellI have just started buying my nephews and neices coins as gifts, not sure they will turn into collectors but wanted to get them a good starter book. My husband is a collector and he thumbed through the book and gave his stamp of approval, he said it looks like it covers everything beginning coin collectors would want to know.0 of 0 people found the following review helpful. As the old saying goes, "find a penny, pick it up, and all day long you'll have good luck". Now Kenneth Bressett, former president of the American Numismatic Association, has written the definitive reference to finding just exactly how lucky you might be.From how to get started to how to care for a collection, with full explanations of grading techniques and standards, coin prices, and values, The Golden Book of Coin Collecting addresses everything clearly and with thorough detail. Squarely aimed at the newcomer to coin collecting, this is a guide that covers all the different aspects of coin collecting -- and in doing so brings a fun and potentially lucrative hobby home to readers everywhere.

About the AuthorBressett has served as editor on several coin books.
