This book is not what it appearsBy la dotta manoThis book was completely worthless to me and be careful as the picture that appears is not the book you will be receiving as the plates indicated are missing and there are not enough pages to even begin to encompass the plates referenced in the index. The picture was completely misleading - again be careful.

From the elegance of Hepplewhite to the grandeur of Louis XVI, this 18th-century sourcebook presents the best designs from the Late Adam Classical Revival. It features complete coverage of Sheraton's most important designs, including clock cases, commodes, drawing tables, chairs, and other items. Richly illustrated with 98 plates.
