**Marshall B. Davidson : Three Centuries of American Antiques: Three Volumes In One** before purchasing it in order to gage whether or not it would be worth my time, and all praised Three Centuries of American Antiques: Three Volumes In One:

This is the most comprehensive, authoritative, and generously illustrated volume of antiques covering the whole span of periods of furniture and decorative arts in America. It is also one of the liveliest,most stimulating presentations of its kind. For the antiques buff, it provides the largest and most varied collection of artifacts from these three centuries ever brought together in one book.
