Timeless Halloween Collectibles: 1920 to 1949, a Halloween Reference Book from the Beistle Company Archive with Price Guide (Schiffer Book for Collectors)

Claire M Lavin : Timeless Halloween Collectibles: 1920 to 1949, a Halloween Reference Book from the Beistle Company Archive with Price Guide (Schiffer Book for Collectors) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Timeless Halloween Collectibles: 1920 to 1949, a Halloween Reference Book from the Beistle Company Archive with Price Guide (Schiffer Book for Collectors):

0 of 0 people found the following review helpful. Lots of glossy pics of Vintage HalloweenBy ephyfeThis book has a lot of glossy pics of items produced by the Beistle company that made numerous great Halloween decorations in the past. There's a small commentary from the author as well for each item and she tells you which are her favorites. Her favorite is on the cover as well. Overall a good sized book with a lot of great pics of classic Halloween. At \$30 the

price is steep; I'd try to get it under \$25. If you like classic Halloween it's a must have. 1 of 1 people found the following review helpful. Superior reference book for new collector to advanced. By Sparky There are very few true reference books for the vintage Halloween print decoration collectors. Prices have sky-rocketed, even in this poor economy and it is getting more difficult to find vintage materials. The author lists price ranges which can be very helpful. It also helps you to identify reprints of older materials that are still produced to this day. 1 of 1 people found the following review helpful. Down Halloween memory lane By avid reader U.S. I like to look for Halloween memorabilia to take me back to my childhood and with this book I can enjoy Halloween and perhaps not even buy anything.

The definitive reference guide for vintage Halloween collectors looking for accurate information on each piece, as well as for designers looking for the best in Halloween graphics. \n\nThe collectibles showcased span what some people consider the "Golden Years" of Halloween production--1920 through 1949. You'll be charmed by the artwork of the many invitations shown and wonder how a host ever survived without the myriad party helps. Dozens of die cut items have graphics so vivid they almost jump from the pages! See the artist's creativity at its best when you pore over the party games and hats. And what Halloween would be complete without the Jack-O'-Lantern? \n\nThe stock number, initial release year, and object's proper name, are taken directly from holiday sales catalogs and interspersed with the author's comments. Over 350 photographs include some never-before-seen items. A value guide accompanies each entry.
