## Totally Tubular '80s Toys

**Mark Bellomo : Totally Tubular '80s Toys** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Totally Tubular '80s Toys:

5 of 5 people found the following review helpful. 80's toys forever! By C. Lee I have waited for a book like this for a long time and my prayers have been answered! It is not intended as a be-all-end-all compendium, but it does cover a VAST amount of the toy lines from the 80's. The author really did his homework and it shows. There is a serious amount of information to digest (which is never a bad thing). The photographs and layout are also fantastic. There are great little side bars peppered throughout the chapters that add additional depth to the subject matter. As a vintage toy collector I definitely recommend this book to collectors and nostalgia junkies alike. 0 of 0 people found the following review helpful. Nice book By francisco venegas Here you have, all the context around the toys, TV shows, movies, even politics. If you read this book listening some good 80s music you'll have a flashback to your childhood just like me. I think this is not just for USA people, this applies for all the people around the world. Just buy it, it's great! 1 of 1 people found the following review helpful. A must read for the nostalgic toy lovers! By Deborah L. Wiseman This is a really good book for those who loved the 80s and the toys of that decade. The format of the book (year by year of the decade) along with the added "pop culture extras" make this book stand out among others of its kind. The only things that would make it better for this reader would be a little less coverage of action figures and some more of the girl type toys.

Filled with super rad toys and bodacious memories, Totally Tubular '80s Toys is a righteous ride back in time when Madonna ruled and Spinal Tap amplifiers went to 11. You'll find everything from He-Man to Cabbage Patch Kids,

Trivial Pursuit to Rubik's Cube, Transformers to Teenage Mutant Ninja Turtles, and Pac-Man to Mario Bros Donkey Kong-as well as lots of fun and smiles. You'll enjoy: A Year-by-year look at the greatest toys of the '80s. Awesome color photos featuring more than 500 fabulous toys and period shots of the people who made the decade gnarly. Lists of the top 10 TV shows, movies, and music for each year. As Keanu Reeves put it more than 30 times in Bill Ted's Excellent Adventure, "Whoa!"

About the Author: A child of the '80s, Mark Bellomo is an enthusiastic and passionate toy collector, and one of the leading toy authorities in the country. Bellomo has authored a number of books, including Transformers: Identification and Price Guide and two editions of The Ultimate Guide to G.I. Joe, 1982-1994, published by F+W Media.
