After viewing his photographs, I wanted to explore the artwork of Native American artists.A cultural exchange program in 2000 brought together Native American artists from the Northwest Coast and the Southwest.The photographs are beyond beautiful. The stories each artist tells regarding their commitment to art, family, and life is inspiring.Anyone interested in Native American artists, their work or just inspiring stories will love this amazing book. Highly recommended.0 of 0 people found the following review helpful. Good book from the exhibtionBy vanessa patersonA great book from the exhibition on contemporary native arts.
