I cannot begin to tell you about everything that is contained in this book. I have been weaving on a triangle loom for over a year. There are so many new projects for me to try on my triangle loom, that I don't know where to start. I am looking forward to the new challenges this book is going to give me for weaving on my triangle loom. Lots of new techiques, and tips. If you enjoy weaving on the tri-loom, don't hesitate to get this book.0 of 0 people found the following review helpful. Five StarsBy Louise T. Johnsongood book
