Just what I'd hoped it would be....By Ralph W. LedrewBought this for my daughter who has started finding, purchasing and reselling collectible Tropical shirts on eBay. It was just what she needed.0 of 0 people found the following review helpful. Hawaiian Shirts ReferencedBy CarolynThis is a beautiful book. The pictures are great. But not much help in finding out manufacturers vs. eras produced.

Over 300 beautiful print shirts, dresses, and bathing suits-acquired on vacation in the tropics-brought home to preserve the memory, cherished, and shown here to recall and enjoy. Lovely florals, maps, famous scenes, something of the lush vacation lifestyle. The book is organized by tropical locations: the South Pacific, Hawaii, California, Florida, Bermuda, the Bahamas, the Virgin Islands, the West Indies...and the designs are inspired by the heat, light, and relaxation of these popular destinations. Today's graphic designers will find this a source of great ideas; collectors will want them all. Shown also are 163 different clothing labels to help identify the retail and design origins.
