Great for it's PriceBy Kidd93This book is great and even better for the price I had to pay for, less than a dollar.0 of 0 people found the following review helpful. And it looks like never been used when I got itBy Josephine DumlaoThe book is worth reading. And it looks like never been used when I got it.0 of 0 people found the following review helpful. Nice and valuable.By IanI was blown away by how sharp this product is. It cut throw my very soft loaf of Italian without a single tear. I hesitated before I bought it because of another review who said it wasn't sharp enough, but mine is outstanding. I will recommend it to my friend. my family , fast shipping. perfect.

This practical guide to CD-player troubleshooting outlines how to remove and replace defective laser heads, repair

servo systems, use an oscilloscope to service circuits, and build an infrared tester. This edition covers up-to-date models and is enhanced with special flowcharts.
