SlawinskiThis book is probably one of the most helpful books out of all the Lefton books! (For dinnerware) It has listed most of the patterns, what they look like, a listing of what is available and their prices. It is awesome! Another great book by Karen Barton!

Popular Lefton ceramic dinnerware has been made from 1946 to the present, in 120 different collectible patterns. Here is their story, with over 340 beautiful color pictures to document their variety and make this book the best and most comprehensive resource for Lefton identification. Markings and paper labels are carefully discussed and shown. Common patterns and the "Heritage" lines are featured, along with a comprehensive alphabetical pattern inventory and price guide. Lefton and Occupied Japan collectors will find much to learn in this valuable new reference.
