U.S. Army Guide to Rigging (US Army Survival)

Army : U.S. Army Guide to Rigging (US Army Survival) before purchasing it in order to gage whether or not it would be worth my time, and all praised U.S. Army Guide to Rigging (US Army Survival):

1 of 1 people found the following review helpful. Chapter one covers everything I learned in Scouting. Then ...By Wary BuyerChapter one covers everything I learned in Scouting. Then it keeps going. If you do any hoisting,

dragging, or lifting, get this book.0 of 0 people found the following review helpful. Classic military manual for field engineeringBy Ralf1958Best rigging guide ever for basic, rough construction. This is not for rock-climbers and mountaineers... this is construction rigging.0 of 0 people found the following review helpful. Very basic knots and simple rigging.By Mister mechanicThis is a very basic book, more along the lines of scoutcraft than crane rigging.
Good for what it is.

Have you ever tried to rig your own sailboat? How about tying up the boat to the dock? Have you ever made a ladder or hoist? Learning rigging can be tricky, but with the U.S. Army Guide to Rigging (FM 5-125), you'll learn everything you need to know about rigging, from how to properly tie a rope to a rock to how to make rope chairs and build whole scaffolding structures! This comprehensive guide is full of crucial rigging techniques, procedures, and applications used in both dire and everyday situations everywhere by the U.S. Army. This informative and thorough guide draws upon the real-life experiences of soldiers installed in positions around the globe, whose duties require rigging, in all its variations and forms. Topics include the necessary usage of fiber rope, wire rope, and chains used in multiple combinations and twists to lift heavy loads. On the more basic side, it includes basic instructions on tying all manner of knots, hitches, splices, tackle systems, and more. Complete with illustrated diagrams to make it easy to follow along, anyone can access easy-to-learn rigging lessons that will come in handy both in your daily life and when you least expect it!
