Understanding Jewellery

David Bennett, Daniela Mascetti : Understanding Jewellery before purchasing it in order to gage whether or not it would be worth my time, and all praised Understanding Jewellery:

4 of 4 people found the following review helpful. Not a "Must Have" quality bookBy R. ShahThe book was an overall disappointment regarding what it touts to inform about and what information it actually contains. Besides contributing nothing new to the plethora of information available about jewelry the images were often unrelated to the topic discussed on a particular page. There is an abundance of books available for half the expense of this book that provide detailed, well explained information about jewelry so I would recommend passing on this one.0 of 0 people found the following review helpful. Expensive, but the only book you need.By Sarah CollinsOutside of gemology classes, this is the most informative book on gems and jewelry currently in print.0 of 0 people found the following review helpful. Five StarsBy LeeleetExcellent publication; comprehensive, enlightening, and informative.

A classic Antique Collectors' Club title, Understanding Jewellery is now available in a revised and fully updated third edition and is unique in explaining why jewellery values vary and the individual points important for each category.

Explanations are given in a straightforward, uncomplicated manner with a text largely linked directly to specific illustrations. This makes the assimilation of the information much easier than in traditional text dominated books. The authors, both jewellery experts, evaluate many millions of pounds worth annually and thus handle a complete cross-section of what is available on the market. They have specially selected the hundreds of superb colour illustrations to show what to look for and, equally important, what to avoid. Whether interested in the history of fashion, deciding what to buy or simply to enjoy a visual feast of beautiful objects, this book will serve as an invaluable reference and represents outstanding value. This book is an excellent guide to

. . . a delightful and presentation worthy coffee table book, Understanding Jewellery is also, in the truest sense, serves as an inviting educational tool with exhaustive encyclopedic explanations of jewelry starting in the late 18th century to the present.- New York Journal of BooksAbout the AuthorDavid Bennett is Chairman of Sotheby's International Jewellery Division for Europe and the Middle East. Daniela Mascetti has been with Sotheby's since 1980, started the jewellery department in Milan and is now a senior expert and director, based in London. Both authors are Fellows of the Gemmological Association of Great Britain.
