A fantastic resource for dealers and collectors alike. Al and Susan Bagdades' outdid themselves when they put this wonderful guide together. It is perfect for novice collectors or established dealers. This is an expanded edition of their classic reference with 10,000 new listings, 600 black and white photos, and 16 [ages of color photos. Plus there are new sections on Cottageware, Pilkington, Royal Winton, Ruskin, and Wade. Sadly, Susan passed away in 2003, while working with Al on this book. Despite his loss, Al persevered and completed this edition as a tribute to his beloved wife.0 of 0 people found the following review

helpful. Always a Great Resource  
By Gettysburg Girl  
This is always a great resource for me. I have earlier editions. It is helpful regardless of whether you know a little or a lot about antique pottery and porcelain. Aside from specifically researching an item, it is interesting to just pick up and review. I use it often...one of my favorite publications.

By B. Poole  
Excellent resource! I particularly like the history provided. Do not expect extensive listings of items by maker/factory with estimated worth. Examples of pieces and value are given but by no means extensive or inclusive.

Updated editions of the one and only "bible" for pottery and porcelain collectibles are always in demand - and here is the very latest. Today's hottest pottery and porcelain collectibles in the antiques marketplace are all here, in this up-to-date reference book. All US price listings have been updated to reflect current market values, and now there are new sections devoted to Ruskin, Wade, Cornish Ware, Natzler, Royal Winton, Oyster Plates, Pablo Picasso, Cottageware and Pilkington. The book also features a 16-page colour photo section, never before seen in previous editions. This reliable reference work is sure to be a favorite of pottery and porcelain collectors and enthusiasts everywhere.
