Warman's Jewelry: Identification and Price Guide

Kathy Flood : Warman's Jewelry: Identification and Price Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Warman's Jewelry: Identification and Price Guide:

1 of 1 people found the following review helpful. DON'T WASTE YOUR MONEY!!By PatrickKapyWhat a disappointment after the other three editions! The first 20 pages or so are 'previews' of all of the chapters in the book! (The author must have been paid by the word or the page and had to fill her contractual obligation.) How about just giving us the chapters without the filler?!? The rest of it is poorly written fluff that is short on facts and long on story-telling which would be ok if I bought a novel, but this is supposed to be an 'identification and price guide'. I don't recommend buying any of the 'books' by Kathy Flood if this one is any indication of the lack of quality in her other books! and I'm very disappointed that Krause put this tripe into print.22 of 23 people found the following review helpful. Champagne Wishes and Caviar DreamsBy Carolyn R. PritchettWhat's not to love about this book? Kathy Flood has published yet another to die for book! If you love jewelry, you will love this book. This book will require you to spend time with it. All your senses will be alive, with anticipation of the next picture or the next page. Keep a

handkerchief near to avoid drooling on the book. This is a quality publication, one you will want to own, one you will want to share and one you will want to buy as a gift for your friend. Pearls, Cameos, Art Deco, Plastics, Jelly Bellies, Figurals, Rhinestones, Silver, Beads, Couture and Diamonds; what more could a girl want? Your heart will pound, your palms will sweat, you will anticipate the next estate sale, yard sale, Antique Mall, and you will be thinking "Tally Ho" on with the hunt! Do not hesitate to buy this book, you will love it. 0 of 0 people found the following review helpful.) and I really liked it. It had a lot of different styles ...By Linda Beghtell bought this as a gift for a friend for last Christmas (?) and I really liked it. It had a lot of different styles and gave values and descriptions that would make it easy to verify the ones at shops she visits in Colorado. I'm not sure if she uses it or not but it would be really useful for someone who was looking to 'get the real thing' instead of a copy at a 'antique or thrift shop'. Great Book!

The 4th edition of Warman's Jewelry: Fine Costume Jewelry price guide is for any jewelry lover interested in jadeite, pearls, diamonds, figurals, Art Deco, Art Nouveau, sterling silver, beads, rhinestones, avant-garde, designer, antique Victorian-Edwardian-Georgian, couture, plastics including Bakelite and Lucite, gold, and even more exceptional jewelry categories. The book features a fresh and fun redesign with more than 1,000 all-new images. Scholarly information and helpful hints guide the collector on an amusing journey through costume and fine jewellery from the 18th to 21st centuries. The easy-to-follow format allows collectors to quickly identify their jewellery, plus concise and informative intro shorts tell the readers specifically what to look for within categories. The book is an indispensable addition to any jewelry library. Learn about jewelry without the usual tedium of non-fiction for a read that goes fast from the first word to the closing paragraph. Plus, read short interviews with category specialists. All in all, you'll learn a lot without realizing you've been ... studying.

From the AuthorHi, everyone. My book's been out for a year and I didn't even know this section was here. Isn't that pathetic? It's never too late, right? When I was writing the book, I was actually sick of hearing myself talk, blah blah blah, but with a bit of distance, even I kind of like this book all over again. What can I promise you? It won't bore you. You'll learn something or other. The jewelry is grand. Seeing it and blissing out over it is cheaper than actually buying it (but if you can snag it all, more power to you). I think the book is a most delicious holiday gift, with more eye candy and info than the average sweater. And if you know someone in trouble as far as this atrocious, stinking economy goes, this gift could open up a whole new world for them. Jewelry is a lark to buy and sell, and I don't mean just for scrap gold. Don't you know someone who'd be enormously helped by being able to buy a piece of jewelry for \$3 and selling it for \$60? Happens ... all ... the ... time. The \$75 purchase sold for \$1500 is less common, but occurs often enough not to be an aberration. I hope my book can be the start of a beautiful or continuing relationship between you or someone you know ... and the fabulous world of jewelry. From the Inside FlapThere is no inside flap. Darn. My publisher does seem to like to spell jewelry in the English form, though: jewellery. Blimey. From the Back CoverBaubles, bangles, beads ...and so much more. The long-awaited 4th edition of the bestselling Warman's Jewelry Identification and Price Guide features a fresh and fun redesign with more than 1,000 detailed images and interviews with experts in key categories. Author Kathy Flood brings collectors up-to-date prices, detailed histories and enlightening anecdotes covering more than two centuries of fine and costume jewelry ...
