Warman's Lunch Boxes Field Guide: Values and Identification (Warman's Field Guide)

Joe Soucy : Warman's Lunch Boxes Field Guide: Values and Identification (Warman's Field Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Warman's Lunch Boxes Field Guide: Values and Identification (Warman's Field Guide):

0 of 0 people found the following review helpful. Great deal. Fast shipping!By SamGreat book, very fast shipping!0 of 0 people found the following review helpful. Great reference guide!By Stephanie HiserMy husband loved this book.

Good reference book for someone interested in the value of metal lunchboxes!1 of 1 people found the following review helpful. Good guide for identification.By Fred R StevensI like this guide not so much to price a lunch box but to identify it and its age. For me the value of an item is what you can get someone to pay for it.

You can't help but relieve fond memories of childhood when you spend time with this celebration of meal-time

nostalgia. Explore photos and learn about collector prices for metal lunch boxes, many including bottles, from the early 1950s to the more modern reincarnations of the 1980s. Enjoy an overview of this hip collectible arena from the author, a man who's accumulated every lunch box of every type ever made.

About the Author Joe Soucy of Seaside Toys became hooked on lunch-toting tins in 1988 and has been collecting, buying, selling and dealing in the noontime nostalgia ever since. Karen O'Brien is a lifelong toy collector and book author/editor for Krause Publications and a featured columnist for several F+W Publications magazines.
