The book is small you you can put it in your bag or purse , got every pez from the 30s to 2007 . They got the mins , vintage pez and almost Morden pez . But no 3rd party pez . Like the giants , the Japanese stuff , display plas pez display ... and other stuff . But of you're a pez collector or have a wife , husband , son , dudarer , grandchildren , or a really good friend , buy it !!! Yes it could be batter and yes there was some opportunities . But worth it !!!! 4 stars out of 5 !0 of 0 people found the following review helpful. helpful. Great GuideBy D. AgnewI bought this as a gift for my wife who is a hard-core Pez collector. The book is well laid out and easy to navigate. It's small enough for my wife to keep in her purse when we go out Pez hunting at flea markets or antique stores. It also has great illustrations to help distinguish one version of a Pez from another.

"Packed with the latest prices for new and vintage dispensers, this one-of-a-kind PEZ guide provides collecting answers about dispensers including animals, cartoon characters, holiday-themed, sports, superheroes, and regular styles, among others.Don't let the small, portable size deceive you. While this book may be small in size, it is packed with details!"
