No other book is a better substitute for hands-on experience! Peering over the shoulder of antiques dealer and author, Mark F. Moran, readers are guided through the world of Roseville Pottery. Captivating history, thorough condition reports, real-world prices, reproduction alerts--this sweeping guide is more than a standard price guide. With detailed descriptions of the pieces listed--right down to the length of hairlines and the position of flea-bite nicks--this essential reference guide offers the most accurate information. More than 1,200 color photographs displaying the beauty and brilliance of Roseville pottery accompany listings. Very few examples of pottery survive for decades without at least minor wear and damage, and the prices in Warman's Roseville Pottery reflect this reality. Identifying and evaluating a collection and deciding whether or not to buy just got easier!
