Super nice book.By Brian P.Excellent price guide on vintage sporting collectibles. Tons of color photos along with values for the items make it a great book for both the collector and dealer of vintage sporting items. I give this book 5 stars. Thank you.

Collector interest in hunting and fishing-related collectibles is soaring with most earning between \$50-\$500, but the same duck decoy that sold for \$300,000 in 1986, sold for \$800,000 at auction in 2006. Format combines essential

identification and pricing details, with valuable instructional advice and tips you can use to assess and identify items.

This one-stop guide to a multitude of outdoors-related collectibles provides you with a big, bold and beautiful overview of this exciting hobby. With 1,200 superb color photos, extensive descriptions, current collector pricing, and chapters about fishing lures, reels, game calls, archery, advertising materials, shot shell boxes, licenses, and duck, trout and pheasant stamps, you will be hard pressed to find another guide with the same depth of information.
