The world of tobbaco collectables is so diverse that it is impossible to fit everything in one book but this book gave it a good shot and is one of my go to reference books.0 of 0 people found the following review helpful. Three StarsBy Maggie the AggieNot very indepth information.1 of 1 people found the following review helpful. It helped, but I wish it had some other information.By Patt BehrensThe catalog came in excellent time and was in excellent shape. It helped by telling me about my items, but did not give me a clue about their worth, or where I might be able to sell them.

Tobacciana collectors know there's a buyer for everything, especially vintage tobacco collectibles, which can

command premium prices. Dedicated to tobacciana collectibles, this great new reference from Warman's lists more than 3,000 of these collectibles with a price range, including such items as lighters, advertising, humidors, ashtrays, match safes, cigar cutters, pipes in US dollars, cigarette cases, tobacco tins, strikers, match dispensers, snuff boxes, and much more. More than 1,200 photos help collectors positively identify collectible items. Up-to-date prices allow (in US dollars) collectors to buy and sell at fair market values.
