(Free download) Warman's U.S. Coins Currency Field Guide: Values and Identification (Warman's Field Guides U.S. Coins Currency: Values Identification)

## **Warman's U.S. Coins Currency Field Guide: Values and Identification (Warman's Field Guides U.S. Coins Currency: Values Identification)**

**Allen Berman : Warman's U.S. Coins Currency Field Guide: Values and Identification (Warman's Field Guides U.S. Coins Currency: Values Identification)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Warman's U.S. Coins Currency Field Guide: Values and Identification (Warman's Field Guides U.S. Coins Currency: Values Identification):

0 of 0 people found the following review helpful. Five StarsBy dr. c. h. tillisGood1 of 2 people found the following review helpful. You never know, what you'll find in a parking Lot!By DAV58I was very pleased with this boo. It was in great shape and small enough to take along. So if you found any change laying around, on the ground, who knows what it would be worth, unless you had this book along. Again, another job well done, !0 of 1 people found the following review helpful. Monique'a reviewBy M. M. LaperleBought this for a ten year old. Wanted something he

could understand. He loves it. He is turning into a coin collector. Great!

Compact and concise, the format and facts in this guide are easy to read whether you're at home or on the go. Two-in-one format covers coinage and paper money - a unique find in the coin guide reference market. This handy guide will help you make the most of your collecting interest, whether you've been collecting for centuries, or only a short time.

Filled with 450 brilliant color photos and illustrations, advice on coin grading, detecting counterfeits, and properly handling coins and notes, this handy book is valuable during visits to coin shops, online coin and paper money auctions, and while doing general research. This portable reference is big on information about U.S. nickels, dimes, quarters, half dollars, dollars, gold coins, new state quarters and new nickels, and demand notes, treasury notes, national bank notes, national gold bank notes, silver certificates, and confederate state issues.

About the Author Allen G. Berman is a researcher and dealer of ancient, medieval and modern coins. A member of the American Numismatic Association, he has written articles on many facets of numismatics and is the author of *World Coins* and *U.S. Coins*, both in the *Warman's Companion* series.
