Warman's U.S. Stamps Field Guide

Maurice D. Wozniak : Warman's U.S. Stamps Field Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Warman's U.S. Stamps Field Guide:

Keep in mind one can purchase for a lot cheaper than the prices identified.0 of 0 people found the following review helpful. Very NiceBy CustomerI have a few thousand plate blocks which I quit collecting in the mid 60s. Recently Idecided to " start up " again by at least putting the balance into catalogue form but,needed a handy book to put them in some form of order. this is the book especiallybecause of its small/compact size. Very nice!!

"Warman's U.S. Stamps Field Guide, 3rd edition," features photographs of nearly 1,000 color stamps, thousands of listings values for U.S. regular-issue and Airmail stamps from 1847-2013, all providing a compact and enjoyable overview of one of the world's oldest hobbies.

About the Author Maurice D. Wozniak has been collecting stamps since the mid-1950s.
