Warman's World Coins Field Guide: Values Identification (Warman's Field Guide)

Arlyn G. Sieber : Warman's World Coins Field Guide: Values Identification (Warman's Field Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Warman's World Coins Field Guide: Values Identification (Warman's Field Guide):

0 of 0 people found the following review helpful. Not as extensive as I had hoped.By Kathleen W. GiffinI wanted something that would first help me identify coins from unfamiliar or no longer existing countries. Also wanted way to figure out how to estimate a Colin's worth. This guide fell short on both accounts. It was an interesting historical guide to familiar coinage and gave good ideas on how to preserve coins so it is not completely without value.0 of 0 people found the following review helpful. ALL FOOD!!!By james maxeyEverything from the tranaction to the product and price was excellent!!!1 of 1 people found the following review helpful. Not what I was looking for.By AINot enough information or different types of coins available in this book. I could not find the coins I was searching for. They were common coins too.

Warman's(R) World Coins Field Guide At last, a guide you can really carry along to coin shops and shows, containing hundreds of color photographs to make on-the-spot appraisals easy. This comprehensive collecting resource features: Over 500 color photos and thousands of current values of world coins from 1901-2000 Coins of the Americas, Canadian, European, African, Asian, and Pacific coins World coin market reports, advice on beginning a collection, mintmarks, counterfeits, grading, errors, handling and storage
