Watches International Volume 4

From Brand: Rizzoli : Watches International Volume 4 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Watches International Volume 4:

Kosloske This does seem like an overpriced advertisement-only magazine. Not a lot of information for those who are already collectors, and those new to the field will get little more than some nice pictures. But the pictures are very nice, so I'll give it 2 stars.

Watches International IV unravels the exciting history of the modern luxury wristwatch from the vantage points of over fifty brands. This volume of Watches International differs from its predecessors in that it focuses more intently on the watch movements themselves--the undeniable strength behind the beauty of watches from A. Lange Shne, Audemars Piguet, Cartier, TAG Heuer, Zenith, and more. Exquisitely jeweled timepieces from luxury houses such as Charles Oudin, Chopard, and de Grisogono return to Watches International to show off their sensational new

creations, as do the mysterious Quinting, trend-setting Hublot, and classic Boucheron and Concord brands, while Tiffany Co. joins the newcomers. *Watches International IV* includes a technical glossary and is revered as an exceptional resource for collectors and retailers alike.
