I don't think I'll be able to do anything like it, but it's gorgeous to look at.0 of 0 people found the following review helpful. Fun!By TissyFun book with great ideas.3 of 8 people found the following review helpful. Weavers delightBy Annie J. FieldsThe book arrived very quickly and I was more than thrilled with it. It was in new condition and completely intact with all patterns; never used; just as described. The seller was even thoughtfull enough to tie the book with a little bow and included a personal handwritten note; this is a seller that cares about her buyers. I would diffinitely buy from this seller again.

Large book on quilting.
