(Free and download) Weaving and Colcha from the Hispanic Southwest

## **Weaving and Colcha from the Hispanic Southwest**

**William Wroth : Weaving and Colcha from the Hispanic Southwest** before purchasing it in order to gage whether or not it would be worth my time, and all praised Weaving and Colcha from the Hispanic Southwest:

0 of 0 people found the following review helpful. A great resourceBy Jillian DellitFrom GoodreadsPublished in 1985, this collection of motifs, instructions and articles is very useful to anyone researching or continuing the tradition of Colchas Embroidery - a tradition that grew up in New Mexico with settlers from Mexico combining their Spanish Embroidery and weaving with influences from the local indigenous population.This book draws mainly on the rich resources of Vocational Schools, set up in New Mexico in the 1930s to teach traditional Spanish crafts that could be sold to help families ride out the Great Depression. There is a section on constructing and operating a traditional loom and one on traditional dyeing techniques.For the embroiderer there are some 80 traditional motifs, taken from the collections of Leonora Curtin and Carmen Espinosa. They are clear and indicate stitch direction.A great resource.4 of 7 people found the following review helpful. ContentsBy 2crazy4books2From back cover "Over 80 accurate drawings of a New Mexican Colonial embroidery, Hispanic weaving designs and plans for 2 looms, a spinning wheel, a warp roller and a wool winder. Formulas for vegetable dyes are also included."

Weaving and Colcha from the Hispanic Southwest.
