You Can Build It Book 2

Joe Meno : You Can Build It Book 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised You Can Build It Book 2:

2 of 2 people found the following review helpful. Detailed instructions, not a lot of ideasBy Deanna DennisI bought this for me 9 year old son because he loves to build with Legos. He has 1000's of Legos in a bin and loves to build with instructions. Great help for what to do with all those Legos once initial project is built. Would have given 5 stars but book is very thin, not very many projects.

You Can Build It is a new, ongoing series of instruction books on the art of LEGO custom building, from the producers of BrickJournal magazine! Spinning off from BrickJournal's popular You Can Build It column, these full-color books are loaded with nothing but Step-By-Step instructions by some of the top custom builders in the LEGO fan community. Designed for intermediate-to-advanced builders, Book 2 features even more detailed projects to tackle, including advanced Miniland figures, a miniscale yellow castle, a deep sea scene, a mini USS Constitution, and

more!
