Mary Hirose : Your Blue Notebook!: journal, notebook, diary, planner (Your Notebook!) (Volume 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised Your Blue Notebook!: journal, notebook, diary, planner (Your Notebook!) (Volume 2):

0 of 0 people found the following review helpful. Blue theme!By MichelleThis notebook is a simple booklet featuring ample lined pages with an assortment of interesting images. The lines are blue, and the photos and patterns all feature the color blue as well. The photos include things like a blue-tinged snowy sunset, a vintage postage stamp, bottles of blue glass, and blue vintage patterns, and illustrated bluebirds. This would work well as a diary, journal, for day-to-day notes, or as a stylish college notebook. It is softbound and pretty thick, and is a fun and well-designed notebook for any use.

A journal with blue lined pages and enchanting touches of blue in artwork and pictures to delight and inspire you. The

cover features an image of a vintage 1940s greeting card, with a background of a 1930s vintage heirloom quilt. Enjoy the colors in your world.
