## **Your Notebook! Mystery Anyone?**

**Mary Hirose : Your Notebook! Mystery Anyone?** before purchasing it in order to gage whether or not it would be worth my time, and all praised Your Notebook! Mystery Anyone?:

Who? What? How? When? Where? You're the one who can answer these questions in this striking blue journal or planner. The cover reminds us of a certain girl detective...hmmm. Even if the mystery to be solved is only what to have for dinner, or what socks to wear, you'll have a lot more fun as you ponder on these pages. Enjoy your writing,

each and every day.
